Dear

Thank you very much for taking the time to write to me about your concerns regarding climate change in Telford and around the world.

I very much appreciated your ideas around reducing pollution, preserving our natural habitats for wildlife and tackling global warming.

I will of course take your ideas up with Ministers in Parliament and with Telford and Wrekin Council who may be able to use your suggestions to benefit our local area. I would also encourage you to continue learning about environmental issues so that you can help make our world a greener, healthier place for years to come.

Thank you again for taking the time to write to me about this very important issue.

With all good wishes.

Yours sincerely
